

Mrs. Martin's Room
Room N5
Westlake Charter
School

October 12, 2012

Next week we will be going to Fog Willow Pumpkin Patch (on the 18th.) Please have students wear their school shirts they got yesterday (or a purple shirt) if you didn't order a school shirt. Also, please have them bring a lunch if you marked on the permission slip that they would.

We are starting to get into subtraction and general concepts and strategies of it. Here is a handy way to help your child remember...

More on the top?
No need to stop!
More on the floor?
Go next door and get 10 more!
Numbers the same?
Zero's the game

We hit a lot on understanding that subtraction is just the opposite of addition and the relationship that they have. We also focus a lot on counting backwards (such a great strategy!) and using fact families to understand as well as quickly do subtraction. Please make sure your child is fully grasping the concept of the strategy taught, not just subtracting on their fingers when doing the homework.
