

August 31, 2012

Mrs. Martin's Room
N5
Westlake Charter
School

We have been excited and getting in the swing of Guided Reading Groups! Students this week in all classes have been learning Guided Reading routines for their specific class and have begun setting the foundation for reading at their level.

This week, we had our very first spelling test as well. Make sure you are working on those words with your child. We do a pretest so that you and your child know exactly which words to study to get 100%. Spelling and phonics are a HUGE part of being able to read and write.

Thank you for those of you who donated towards the plant unit. It is such an exciting and hand-on unit. We will be able to do some great experiments and fully learn about and do what botanists do.

Guess what! Our class is on twitter now! Follow us at @MrsMartinsRoom for blog updates and newsletter updates.

Important Dates

09/03- NO SCHOOL!
09/06- Unit 1 Math Test
09/07- Assembly
